The Hon'ble Superintendent of Police,

Respected sir,

With reference to the discussion with G. Eswaraiah garu, communist party of India
Below are the complaint details sir.

Subject: Urgent and Immediate Action Required Against Harassment, Intimidation, and Malicious Retaliation by Snovasys Software Solutions, Ongole

Company details:

B. SIVA

K.SRIHARI

Address:
Snovasys software solutions,

I, Srihari Maddineni, am being subjected to relentless harassment, intimidation, and targeted retaliation by Snovasys Software Solutions, Ongole. After formally lodging a complaint with the Hon'ble Chief Minister's Grievance Cell on October 3rd and the Hon'ble Collector on November 13th regarding their exploitative and unlawful labor practices, the company has escalated its malicious actions against me. Their clear intent is to sabotage my career, threaten my livelihood, and inflict distress upon me and my family as an act of revenge for exposing their unethical conduct.

Their continuous persecution has taken an even more dangerous turn. I was summoned to One Town Police Station on January 12th, 13th, and 16th under false pretenses, where I strongly suspect that the company's representatives were orchestrating an attempt to foist false criminal charges against me and extort money. I had already submitted a formal complaint on January 13th regarding this illegal harassment, yet I have not received any acknowledgment of my complaint.

This blatant abuse of power and illegal coercion is not only causing me severe mental agony but also putting my safety and career at risk. I request your immediate and decisive intervention to hold those responsible accountable and ensure that I am not further victimized. I request you to take strict legal action against the company and its representatives involved in this conspiracy and ensure that justice prevails.

Please find the attached complaint that I have submitted to one town police station on 13th Jan 2025.

Yours sincerely,
Srihari Maddineni
