To
The Hon'ble Superintendent of Police,

Subject: Urgent and Immediate Action Required Against Harassment, Intimidation, and Malicious Retaliation by Snovasys Software Solutions, Ongole

Respected Sir,

I, Srihari Maddineni, am being subjected to **relentless harassment, intimidation, and targeted retaliation** by Snovasys Software Solutions, Ongole. After formally lodging a complaint with the **Hon'ble Chief Minister's Grievance Cell on October 3rd** and the **Hon'ble Collector on November 13th** regarding their **exploitative and unlawful labor practices**, the company has escalated its malicious actions against me. Their clear intent is to **sabotage my career, threaten my livelihood, and inflict distress upon me and my family** as an act of revenge for exposing their unethical conduct.

Their **continuous persecution** has taken an even more dangerous turn. I was **summoned to One Town Police Station on January 12th, 13th, and 16th under false pretenses**, where I strongly suspect that the company's representatives were **orchestrating an attempt to foist false criminal charges against me and extort money**. I had already submitted a **formal complaint on January 13th regarding this illegal harassment**, yet I have not received any **acknowledgment of my complaint**.

This **blatant abuse of power and illegal coercion** is not only causing me severe mental agony but also putting my safety and career at risk. I demand your **immediate and decisive intervention** to hold those responsible accountable and ensure that I am not further victimized. I request you to **take strict legal action against the company and its representatives involved in this conspiracy** and ensure that justice prevails.

Please find the attached complaint that I have submitted to one town police station on 13th Jan 2025.

Yours sincerely,
Srihari Maddineni
